

# Richland County Children Services Substitute Care Families

**When there is a need for immediate AFTER HOURS behavioral, emotional, or social crisis intervention with a child in RCCS custody placed in your home,**

**Please Call: (419) 295-9285**

Flexible and responsive services will be provided in your home or over the phone by a staff member with Family Life Counseling as quickly as possible and dependent upon the individual needs and risks.

**HOWEVER,** if the child has ongoing issues such as:

- serious problems at school;
- being disruptive in your home;
- fighting, swearing, screaming, and/or damaging property;
  - using drugs and/or alcohol;
  - running away from home;

then please contact the child's caseworker to arrange counseling services and supports through any one of the available community providers. Our children often react from their trauma experiences and display many of the behaviors above. We are here to help you and them with these concerns.

**Richland County Children Services**

*To lead our community in assuring the safety, well-being and permanency of children at risk of abuse and neglect.*
